Re: *United States v. Mayra Monsanto*, 18 Cr. 802 (CM)

Dear Chief Judge McMahon:

As discussed at our conference on December 17, 2019, Ms. Monsanto's physicians have ordered that she undergo a Magnetic Resonance Imaging scan ("MRI") to aid in her medical treatment. Pretrial Services has indicated that it needs an order of the Court in order to temporarily remove Ms. Monsanto's location monitoring ankle bracelet, although they have indicated that she is a prime candidate for removal of the bracelet altogether.

Ms. Monsanto has an MRI scheduled for ~~December 30, 2019, 12:45pm~~ ^{January 10, 2020}, at Columbia Orthopedics, The Allen Pavilion, 5141 Broadway, 3rd Floor West, Room 22, New York, New York 10034. Accordingly, we respectfully request that, in coordination with Pretrial Services, Ms. Monsanto's location monitoring ankle bracelet temporarily be removed in order for her to receive the MRI scan at the above date, time, and location. Thank you.

Respectfully submitted,

/s/
